WATER**

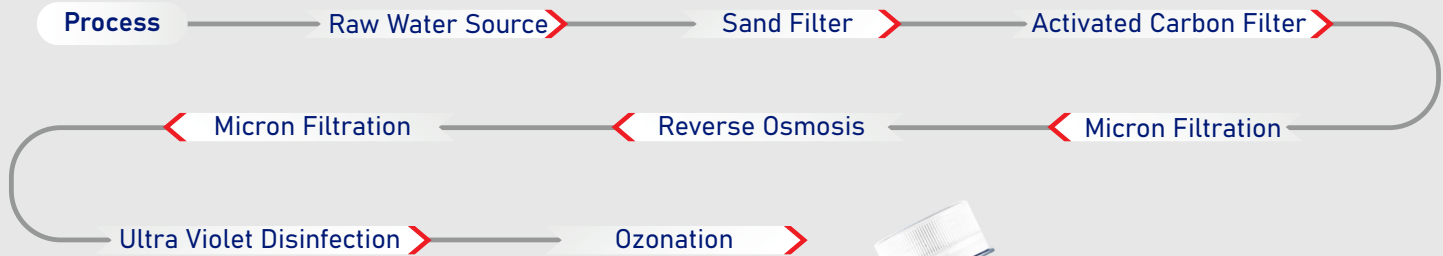

TILAKNAGAR INDUSTRIES LTD

- Tilaknagar Industries Ltd. has a rich legacy that is laced with incredible innovations and achievements. At our core, we have adapted the culture of innovation and being open to change.
- Founded in 1933 by the reputed Dahanukar family, Tilaknagar Industries Ltd. has steadily nurtured its passion for growth and giving back to the community.
- We have launched varied brands under our portfolio. With record sales nationally and have steadily gained popularity in international markets.
- Giving back to the community is an integral part of our ethos and a deeply inculcated part of our being. While financial success is an important aspect of business, we have also prioritized CSR initiatives as an equal stakeholder in our success. This means ensuring that we dedicate our resources, energy and time towards helping the less fortunate, promoting a healthy environment and ensuring that our society is a better place to live.
- We are committed to offer best products to our customers. Hence we forayed into Packaged Drinking Water Market with Product having the highest standards of Quality and Value for Money under the Umbrella of our marquee Brand - **Mansion House**

Every Drop of Mansion House Packaged Drinking Water undergoes 8 Stages of Purification Process to bring utmost Purity and Taste in every Sip.

Quality Commitment:

It is our Commitment to Quality which assures that every drop of Mansion House Packaged Drinking Water is pure and safe to consume.

Our production facilities have in house Testing Laboratories with competent staff to ensure every bottle of Mansion House Packaged Drinking Water adheres to guidelines of Bureau of Indian Standards (BIS), Food Safety and Standards Authority of India (FSSAI), Central Ground Water Authority, Pollution Control Board, Legal Metrology (Packaged Commodities) etc. Regular Audits are carried out by our team of experts to ensure Zero deviation from above guidelines.
